It was a Wow! experience for me. The entire team was very curious from the start to the end. Pricing was competitive. I had to replace the front bumper as it was damaged. It was a neat finish. ## Hear from our patients

"Good health has provided me with an experience that me feel valued. Starting IVF was an unknown & confusing journey. They were available for every question and concern. I was treated as an individual by all the providers and I am grateful. The team is absolutely amazing and caring. My doctor is one of a kind!"  
-New York Patient

"Our doctor and her team were outstanding. Her knowledge and understanding of me as a patient gave us hope and confidence throughout the process, ultimately leading us to success. We look forward to growing our family further with goodhealth in the future!"

## It's ok to ask for help

It is important to remember that asking for help is a normal part of life, and you should never feel like you have to take on the world alone. If you are concerned that you or someone in your life may be drinking too much, using drugs, or dealing with mental illness, there are resources available to help.

## Referral to support services

The Referral Support Service supports the management of referrals in Surrey from your GP practice to secondary care, supporting GPs with patient referral pathway s and offering a choice of provider to patients where appropriate.

## Advice for manager & employers

Learn to listen rather than to tell. Often times, the people you manage have more to teach you than you have to teach them. Being a good listener is a big deal. An effective manager cultivates an open dialogue that invites discussion with employees on a certain task, project or team decision.
